

**14<sup>th</sup> ANNUAL MS GOLF  
TOURNAMENT  
at LAKEWOODS FOREST  
RIDGES GOLF COURSE**

Lakewoods Resort and Golf is very pleased to announce the 14th Annual MS Golf Tournament at Lakewoods Forest Ridges Golf Course on Friday, July 20th and you are invited to be part of it!

This annual event has helped raise over \$200,000 to assist those living with Multiple Sclerosis within the Ashland, Bayfield, and Sawyer counties of Northwest Wisconsin. We would like to continue this outstanding success and double the amount within the next three years. However, in order for this goal to become a reality, we need your assistance.

You are invited to become a sponsor of this very worthwhile event. All sponsor monies donated are tax deductible and all money raised will be used for MS-related causes.

There are several levels of sponsorship noted on the attached sponsors sheet. As a thank you to all sponsors, a special "Sponsors Only!" event will be held on Thursday, July 19th. This nine hole golf tournament includes a cookout with special prizes and other surprises and is held in honor of all our generous sponsors.

Please contact a member of the MS Golf Committee or we will be contacting you to discuss how you can be involved in this event.

In the meantime, if you have any questions or would like further information regarding this very exciting opportunity, please contact Kathy Rasmussen or PC Rasmussen at the Lakewoods Resort and Golf at 715-794-2561 or 800-255-5937 or [pc@lakewoodsresort.com](mailto:pc@lakewoodsresort.com).

We welcome your involvement with this event and thank you for your continued support.

**SAW-BAY-ASH  
MS GOLF CHARITY**

Since the MS Golf Charity's start the monies raised have assisted in purchasing the following items for people in our local communities:

Electric Wheel Chairs  
Ramps into Homes  
Hospital Type Beds with Remotes  
Car Ramps  
Bathroom Remodeling  
Safety Handles in Homes  
Air Conditioning in Homes

**Wheelchair Accessible Vehicles  
FACTS ABOUT  
MULTIPLE SCLEROSIS**

Multiple sclerosis (MS) is an inflammatory disease of the central nervous system (CNS) that damages the myelin sheath, or insulating material, that surrounds the nerve fibers in the brain, spinal cord, and optic nerves.

No two cases of multiple sclerosis are alike.

Multiple sclerosis is generally diagnosed in individuals between the ages of 20 and 40. Women develop MS at a rate of two to three times that of men. In the United States, the disease is more common among Caucasians, especially those of northern European ancestry. MS occurs most frequently in "temperate zones" of neither extreme heat or cold.

In the United States, it is estimated that approximately 350,000 people are living with multiple sclerosis, and nearly 200 cases are
